

1 Remove solenoid valve

2 Pump **with** patented system

3 Replace O'rings

4 Fit solenoid valve in new pump

## IMPORTANT NOTICE!

Refill the coolant circuit completely with coolant liquid ( $\pm 8$  liters) before switching on the engine

Failure to do so may result in permanent damage to the coolant pump!

Rellenar el circuito de refrigeración con líquido refrigerante ( $\pm 8$  litros) antes de encender el motor

¡En caso contrario, puede dañar la bomba de agua de forma permanente!

Füllen Sie den Kühlkreislauf mit Kühlmittel ( $\pm 8$  Liter), bevor Sie den Motor starten

Nichtbeachtung kann zu dauerhaften Schäden an der Wasserpumpe führen!

Remplir le circuit de refroidissement de liquide de refroidissement ( $\pm 8$  litres) avant de démarrer le moteur

Dans le cas contraire, vous risquez d'endommager définitivement la pompe à eau!
